

Accelerating Your Digital Agenda

NTT empowers businesses to connect, transform and innovate.

NTT at a Glance

NTT is a global technology and business solutions provider, helping clients grow their business and improve their competitive market position by delivering fully integrated services, including global networks, cybersecurity, managed IT and applications, cloud and datacenter services combined with business consulting and deep industry expertise. As a top five global technology and business services provider, NTT works with over 80 of the Global Fortune 100 companies and many thousands of other clients and communities to achieve their goals and contribute to a sustainable future.

As of May 2019
*Annual average for the next 5 years

Inside the NTT Booth at Gartner Symposium/ITxpo

At Gartner Symposium/ITxpo 2019, NTT is exhibiting advanced technology supporting services and use cases in the six key areas driving digital transformation:

- Smart City/Cognitive Foundation
- Journey to the Cloud
- Customer and Employee Experience
- Digital Operations
- Data Intelligence and Automation

NTT will also be conducting in-booth presentations on these topics throughout the event. For information on the presentation schedule, please visit booth #331.

NTT Speaking Sessions

ISPS3: Industry 4.0: Digital transformation and the OT/IT Inflection Point

Speaker: Jeff Bergeron, Senior Vice President & Chief Technology Officer at NTT DATA Services

Date: Sunday, 10/20 | **Time:** 2:15 p.m.

Digital transformation is driving the future of manufacturing via technologies such as intelligent automation, data insight, cloud and artificial intelligence. We see this demonstrated through the convergence of OT / IT, as manufacturers look to drive efficiencies and strengthen customer engagement. Manufacturers that succeed in digital transformation will continue to deliver innovation aligned to business outcomes. Join us to learn how to navigate and drive this complex transformation in your organization.

SPS21: Meet the demands of your modern workforce

Speaker: Lisa Woodley – Vice President, Customer Experience at NTT DATA Services

Date: Monday, 10/21 | **Time:** 3:15 p.m. - 4:00 p.m.

To meet the demands of the modern workforce, IT leaders must take a more thoughtful approach to the employee experience. Long gone are the days when workplace services were successful if you resolved tickets faster or reduced the number of help desk calls. Today's multi-generational workforce is also 'multi-expectational' – demanding a work experience that's as seamless as their personal online experiences. Learn how putting employees at the center of your workplace solutions can help you attract and retain the best talent.

TH52: Visibility and Performance Management: Get Ahead of Runaway Complexity

Speaker: Joe Maissel, Visibility and Performance Management Practice Lead at NTT Ltd.

Date: Monday, 10/21 | **Time:** 6:10 p.m.

Today's applications and infrastructures are undergoing big changes that dramatically increase complexity. IT professionals struggle to maintain visibility, performance, and cost efficiency across their network and application stacks - which now extend outside the traditional boundaries of the datacenter. Learn how to get ahead, and stay ahead, of runaway complexity, using a modern, integrated approach to Visibility and Performance Management.

SPS58: 5 Key Steps to Phase 2: Digital Acceleration

Speaker: Rich Harper, SVP Global Strategic Solutions at NTT Ltd.

Date: Tuesday, 10/22 | **Time:** 3:45 p.m.

How do you move from digital transformation to digital acceleration? This session provides real world insights on moving from transformation to acceleration including: reducing security risks, solving people issues, optimizing relations, efficiently implementing new technology, and addressing resource gaps. Learn how to stay ahead and create an advanced operational framework that will meet your business's expected return on the investment.

A Family of Industry-Leading Brands
