

Ready for the Blockchain Revolution?

Gartner says **Blockchain's business value-add will grow to slightly over \$360 billion by 2026, then surge to more than \$3.1 trillion by 2030.**¹

Blockchain has been the **No. 1 search term on gartner.com** since January 2017.¹

Is blockchain right for your business?

- A single version of truth
- Secured transfer of value
- Disintermediation of trust
- Increased transparency
- Cost savings

With blockchain, your enterprise can:

- Enable secure, authenticated transactions
- Streamline processes, and improve efficiency and process transparency
- Reduce operational costs and risk due to single points of failure

NTT DATA can help

As an early adopter of blockchain, NTT DATA has the expertise to help your organization determine if blockchain is right for you:

Recognized as 'Leader' in Enterprise Blockchain Services by Avasant Radar View Report 2018²

Established blockchain consortium with members representing various industries, including insurance, logistics, and import and export trade

4 innovation labs foster technology evaluation (U.S., Japan, Germany and Spain)

Founding member of the Hyperledger project, which promotes blockchain technology for enterprise use

More than 70 use cases in flight across industries

Contributor to the Hyperledger Quilt (Interledger Protocol) and Hyperledger Iroha (reusable assets) frameworks

Large global team of blockchain subject matter experts across 19 countries

Member of blockchain-focused consortiums, such as the Enterprise Ethereum Alliance, R3 Corda and Ripple
